---	---

LEADERSHIP AND INVOLVEMENT

EP Venture Fund <i>Co-Founder</i> - Founded a student-run venture fund from scratch, building the fiscal sponsorship structure through the Foundation for Eden Prairie Schools (FEPS) and setting up all operating infrastructure - Built and ran the full evaluation pipeline: sourced and screened 22 student ventures, funding 3 (an animation studio, a chef marketplace platform, and a coordination platform for families managing an aging parent's care), deploying \$22,375 in non-equity grant capital - Advised the animation studio on pricing and go-to-market strategy, raising projected average contract value 62% and generating 11 qualified leads and 4 pilot clients; advised the chef marketplace on a 15% commission model, onboarding 18 chefs and driving 21 pilot bookings	<i>Minneapolis, MN</i> <i>Oct 2025 - Present</i>
Junior Sharks <i>Co-Founder</i> - Co-founded and scaled a district-backed youth entrepreneurship initiative from 20 to 360+ students across 5 elementary schools and 1 middle school, building the entire curriculum and program structure from scratch - Built an 8-workshop startup curriculum (grades 3-8) taking students from idea to pitch: market research, budgeting, product design, financial planning, and pitch strategy - Directed the annual "Shark Tank" pitch competition, organizing logistics and judge panels of Chamber of Commerce executives, entrepreneurs, and investors to evaluate 70+ student teams' ventures - Drove a 42% increase in high school business class enrollment district-wide	<i>Minneapolis, MN</i> <i>May 2024 - Aug 2026</i>
DECA, Eden Prairie High School <i>Competition Leader</i> - Led Eden Prairie's #1-ranked (of 4,364) DECA chapter to national recognition; individually placed 3rd globally at ICDC (2025), then earned a top-20 global finish (2026), after building a self-authored study system that became the team's core prep resource - Trained 80+ competitors through 8 workshops and 100+ practice roleplays, coaching roleplay structure, time management, and test strategy; competitors' average scores rose from 64 to 85+, and 32 advanced to state, double the prior year	<i>Eden Prairie, MN</i> <i>Oct 2023 - Apr 2026</i>

EXPERIENCE

Bidwell Investment Group <i>Hedge Fund Intern</i> - Managed a live \$10,000 investment portfolio, generating a 27.8% return over 12 weeks across 18 trades using Bollinger Bands, RSI, Fibonacci retracements, and options strategies - Executed an options trade generating a 450% return, driven by analysis of volatility, pricing, and risk-reward dynamics - Researched 55 public equities using comparable-company analyses and 10-K/10-Q review, developing investment theses and presenting findings to senior investors that led to 18 companies advancing to active trading	<i>Minneapolis, MN</i> <i>May 2025 - Aug 2025</i>
CliftonLarsonAllen (CLA) <i>Finance and Accounting Intern</i> - Selected as 1 of 6 Minnesota interns from 150 regional applicants (4% acceptance rate) among 600+ nationwide candidates at the nation's 8th-largest accounting and consulting firm - Developed technical proficiency in Excel modeling (pivot tables, VLOOKUP, scenario analysis), financial software, audit workpaper documentation, and tax code research while delivering client-ready analysis under professional deadlines - Rotated through Wealth Advisory, Digital/Cybersecurity, Audit, and Tax, participating in client meetings, portfolio analysis, audit procedures, multi-state tax research, and cybersecurity risk assessments - Led financial modeling for a pro bono case with Black Men Teach nonprofit, building multi-year budget projections and accounting recommendations presented to C-suite executives in a nationwide intern competition	<i>Minneapolis, MN</i> <i>Jun 2025 - Jul 2025</i>

ACADEMIC PROJECTS

Coastal Real Estate Risk Research, Sea-Level Rise, Middle East (with Prof. Avijit Gangopadhyay, UMass Dartmouth) <i>June 2025 - Aug 2026</i> - Co-authored a research paper analyzing the financial risks of rising sea levels on Middle East coastal real estate markets, integrating environmental science, economics, and real estate valuation methodology; currently in the publication process - Conducted a literature review of 20+ peer-reviewed papers and analyzed satellite-derived oceanographic data (sea level, tidal patterns, coastal elevation) across Middle Eastern coastlines - Developed an MLR valuation model across 1,200+ observations ($R^2 = 0.71$), projecting up to 18% value deterioration in high-risk zones; presented to 8 real estate firms in Dubai and across the UAE, contributing to updated risk disclosure processes
